

Sebastian STEAM Summer Reading 2018-2019

Read at least 1 SSYRA book and write a short summary in addition to completing any of the five boxes below

Read a Non-Fiction Book about Science. This could be about weather, nature, animals, chemistry, biology, health and the human body, rock formations or more. List book below:

Read a book about Coding or Robotics and write a paragraph in first person making connections to your own life experiences with coding or robotics

Read a book that has been made into a movie, then watch the movie. Compare the two using a Venn diagram.

(You can make it by hand or on the computer)

Go to a local bookstore, library, or even online and make a list of five books you would want to read. List the price of these books and add the totals. Don't forget to add Sales Tax!

Visit the public library and partake in one of their EVENTS.

A list of suggested events, times and locations can be found on the back.

List the event you attended above.

Try reading a book on Mackinvia, the EBook database provided by SMS. Go the Media Center's webpage for more information.

Read a graphic novel (A book that looks like a comic book).

Read a book of poems or a novel written in verse. You can find a list of suggestions on the SMS Media Web page.

Read a Science Fiction Book. Write a list of 10 questions you have about Science after reading this book. List book below:

Create an advertisement for a book using prezi, wordle, powerpoint, word animoto, publisher or another digital tool.

Read an additional SSYRA book and redesign the cover. You can either draw by hand or use a digital tool.

Read at least 250,000 Words! Add them up by using ARbookfind.com and searching the books you read to find the "Word Count." Keep a list of the books and their word counts to get a total.

All 6th graders will read A Long Walk to Water by Linda Sue Park during the first semester and Hatchet by Gary Paulsen during second semester.

****Please return this handout and all activities to Pam Cooper at the beginning of the school year****
