

The TWILIGHT ZONE

CELEBRATING NEW DIMENSIONS
IN CLASSROOMS...

Teacher and Rookie of the Year 2020

Teacher of the year

- *Mr. Dunn*

- He has an amazing relationship with the kids. They all seem to like him and go out of their way to greet him, even if they are not in his class. He has made me feel welcome in my new hallway and always has a friendly smile (behind the mask).

Teacher of the year

- *Ms. Harvey*

- Ms. Harvey is very enthusiastic and is persistent in getting the best from her students. She is also a tech wizard!
- Kristina Harvey is and has ALWAYS been a team player. She is so knowledgeable and helpful to everyone! Not only is she an amazing teacher, always professional and so creative in her teaching methods, she goes above and beyond to help both students and coworkers alike. Ms. Harvey takes the time to help so many of us with computer issues, and she does it with such patience, kindness and an amazing sense of humor!

Teacher of the year

- *Ms. Miller*

- She works so hard to put the schoology folders together, organizes tasks for others in the PLC, and is so available to chase down and answer questions. She is also doing a bomb job making sure distance learners are just as included as our physical kids

Teacher of the year

- *Mr. Raimann*

- Mr. Raimann does so much for the school, especially with regards to helping all of us with any and all technology issues during COVID!
- I nominate Rob Raimann as teacher of the year for his tireless work to assist with school and for making our STEAM program a success. He is a leader and fine all around teacher and person. I enjoy working with Rob.

Teacher of the year

- *Ms. Torboli*

- Kate has every quality that a well-rounded teacher should have. She is kind, compassionate, reliable and truly cares for her students and co-workers. She manages her personal life and two careers with finesse. She does her best to prepare students for their future, builds positive relationships with every single student she meets and recognizes student success. She can provide support, run distance learning live conference lessons and log accommodations like a pro. She never gives up and is always looking to find innovative ways to help students find success.

Rookie of the year

- *Ms. Diaz*

- I would see Ms. Diaz in the halls helping children all the time. She is so kind to all of our students, and last week I observed as she met with a flustered parent. She took control of the situation with grace and patience, and was able to help the parent through the situation in a pleasant manner.
- Sonya is eager to do her best in this new role, quickly absorbs information related to ESE and implements what she learns. She asks for help regularly and inquires about trainings that will help her be successful. She has a positive attitude and relationships with co-workers and students.

Rookie of the year

- *Ms. Humicenny*

- She seems to be there for the kids. Her classroom is a fun environment and the students enjoy being in there with her!
- She has come into this with a positive attitude and a dedication to the teaching profession.

Rookie of the year

- *Ms. Johns*

- She is passionate about the job and her students really like her! I think she is becoming a great teacher from what I observe!
- Ms Johns has a calming presence in the classroom and builds strong relationships with our 6th graders!
- I have observed Ms. Johns around her students and she has such a kind, caring way about her. She genuinely cares about each student and tries to get to know them and their needs. She works well with our other STEAM teachers and provides resources to them to help the whole school soar!
