

# Principal's Message

Dear Eagle Families,

April is moving by at a fast pace! There are a few updates this week. Please see below for details:

1. **District tests begin next week:**

View the testing calendar here <https://www-sms.stjohns.k12.fl.us/testing/>

2. **Reading Scavenger Hunt!!**

Congratulations to the students who participated in our reading competition! You all showed great growth and the 30 student who improved the most will get to participate in our reading scavenger hunt on April 28<sup>th</sup>!

3. **Masks**

We are still wearing masks on campus wherever social distancing is not possible. Please make sure your student has a mask to wear throughout the school day. We are seeing a rise in the number of students who do not have a mask each day. Please help us keep our students safe!

4. **Positive Start Program**

The positive Start Program is back and updated! You can sign your student up as of May 1 to get a head start on pre-requisite skills for math courses they will be taking in August 2021. See the flyer or our website for more details.
