

Principal's Message

Dear Eagle Families,

We are closing in on the end of the school year and this summer is promising to be very busy. We are already underway with a major roofing project as you can see from the cones and orange nets! Rest assured, inside our building is as normal as ever and work continues. We wrap up state testing next week and are working with individual students to make up work and extend learning! Thanks to all the families who attended the 8th Grade Awards last night. We are excited for our concert and dance next week!

Electives for next year

Next School Year Ms. Munafo will be teaching ***Introduction to Music Technology!*** If you want to learn all about sound engineering, music composition and technology as it relates to modern music this is a great opportunity to learn!! No experience is needed for this class. If your student is interested intaking this elective next school year, please ask them to stop by Guidance to sign up next week!

If you will be an eighth grader next year and would like have ***PE with our Access points PE students***, sign up in guidance. This is a great opportunity for students to be with and assist peers with disabilities.
